

At Atlantic Group [v] you can have your cake and eat it too!

Atlantic Group [v] is delighted to introduce *A Sweet Touch* – stylish and creative wedding cakes, personalised for your special day. Exclusive to our bridal couples only, *A Sweet Touch* works one on one with customers to create unique and beautiful wedding cakes to complement any theme and wedding.

The secret of *A Sweet Touch* is pastry Chef Lisa Van Zanten and her outstanding attention to detail. Inspired by the wedding itself and her own visions, Lisa ensures that *A Sweet Touch* wedding cakes are not only a masterpiece in finish but delicious in taste too.

For Lisa, creativity is everything. "My vision comes from a variety of places and I believe that it is important to have a strong creative plan when designing a wedding cake." says Lisa. "Beautiful cakes should be inspired by something special and close to the heart. A fond memory, a favourite taste, or simply a colour is what guarantees the creation of the perfect cake."

Lisa's passion and commitment is a refreshing addition to the wedding cake industry. "A wedding cake is a symbol of the love and commitment the couple has for each other so I work hard to ensure my cakes are beautiful, unique and memorable."

As National Wedding Caterer of the Year, Atlantic Group [v] believes *A Sweet Touch* completes the experience and provides the icing on the cake. With four boutique venue spaces at Central Pier, Docklands with panoramic waterfront views and a commitment to that extra detail, Atlantic Group [v] has emerged as leaders in the field for memorable weddings in Melbourne.
